Sounds good. Once I receive your letterhead I will send out my response saying the Department has accepted your plan of correction.

It is not a time concern (right now!). I am compiling standards for calendar year 2017 and I happened to run into the ones that require the D.P.H. inspection and began looking back at my response and the receipt of it and noticed it may be incomplete. That was my catalyst for reaching out to John to contact you. My Superintendent is not right now, but I will have her send the coversheet as soon as I contact her. I appreciate your help.

Not a problem, if time is a concern I can scan you a copy of the letter and also send a hard copy in the mail.

Thanks, Kerry. I will contact my Superintendent and get it to you. I apologize for the confusion and appreciate your consideration in this matter.

Hi Captain Reynolds,

Thank you for the updated plan of correction for the HOC. Could you please provide me with a cover letter for this plan of correction? Once I receive that I will be able to send you a response saying the Department has accepted your plan of correction.

Thanks,  
Kerry

Hi Kerry,

Attached is the latest response to your April 2017 inspection. Upon being informed of the missing dates, I contacted the Departments involved in the areas in violation and inquired when corrective action would be completed. The dates are reflected on the attached response. I actually forwarded the latest response to my superiors on June 2, not directly to you, so you would not have a record of it. Can you accept the attached document as the House of Correction response, or if necessary, I can contact my Superiors to re-submit? My apologies for the confusion, but I am working on my American Correctional Association re-accreditation project and noticed I did not receive reply stating all violations were addressed. Please let me know how you would like me to proceed. Thanks, I look forward to seeing you soon.
